

Industry group and sector reclassification of TRITN

SET has defined the guidelines for revision and reclassification of listed companies' industry group and sector by consideration to classify the listed companies to be in compliance with the business types that generates most revenues. The revisions of the appropriateness of listed companies' industry group and sector will be considered annually.

According to the consideration of listed companies' revenue structures and their business operations including the information from the Annual Registration Statement for the year 2018 (Form 56-1), Triton Holding Public Company Limited (TRITN) has core revenue from construction services business.

Therefore, SET will reclassify TRITN's securities to its more appropriate industry group and sector from the industry group "Services" and sector "Media and Publishing" to the industry group "Property & Construction" and sector "Construction Services", effective from June 20, 2019 onwards.
