The Disposal Transaction is considered a disposal of assets of a subsidiary of a listed company according to the Notification of the Capital Market Supervisory Board No. TorChor. 20/2551 Re: Rules on Entering into Material Transactions Deemed as Acquisition or Disposal of Assets (as amended) and Notification of the Board of Governors of the Stock Exchange of Thailand Re: Disclosure of Information and Other Acts of Listed Companies Concerning the Acquisition and Disposition of Assets B.E. 2547 (2004) (as amended) (collectively referred to as the "Acquisition and Disposal Notifications"), when calculating the transaction size, the transaction size is equal to 7.44% based on the total value of consideration criterion, calculated from the Company's audited consolidated financial statements for the accounting period ending December 31, 2024. The Company has not disposed of other assets in the past 6 months prior to entering into this transaction, and it is also considered a connected transaction, "type of transaction related to assets or services", according to the Notification of the Capital Market Supervisory Board No. TorChor. 21/2551 Re: Rules on Connected Transactions and the Notification of the Board of Governor of the Stock Exchange of Thailand Re: Disclosure of Information and Other Acts of Listed Companies Concerning the Connected Transactions B.E. 2546 (2003) (as amended) (collectively referred to as the "Connected Transaction Notifications"), as it is a transaction between the subsidiary of the Company and GLOCON, in which the Company's executives are authorized signatories of GLOCON, with the connected party transaction size being 29.27% of the Company's net tangible assets, calculated from the Company's audited consolidated financial statements for the accounting period ending December 31, 2024 (where the Company and TRS have not entered into any other connected party transactions with GLOCON in the past 6 months prior to the date on which the Board of Directors resolved to approve the transaction).

The Company would like to clarify the details of the disposal transaction as follows:

1. Date / Month / Year of the Transaction

The Company expects that TRS will enter into the business purchase agreement with GLOCON without delay after receiving approval from the Company's Board of Directors.

The business purchase agreement shall occur only when the following conditions precedent are satisfied or waived in whole or in part:

- (a) Receiving approval from the Company's shareholders' meeting and the GLOCON shareholders' meeting to enter into the disposal of TRS's MDL business, a subsidiary of the Company, to GLOCON
- (b) Receiving approval from the necessary counterparties and/or relevant regulatory authorities (if any)
- (c) No material adverse events have occurred that would prevent GLOCON and TRS from executing the business purchase agreement or negatively impacting the ability of the counterparties to perform under the business purchase agreement
- (d) TRS must receive the transfer of the MDL trademarks, which are fully registered under the law, from the trademark owner.

The Company initially expects that all conditions precedent, including the approvals from the Company's shareholders' meeting and the GLOCON shareholders' meeting, will be completed by April 2025

2. Contractual Parties and Relationship with the Company

Purchaser	Global Consumer Public Company Limited (“GLOCON”)
Seller	Triton Resources Company Limited (“TRS”), a subsidiary of the Company
Relationship	TRS is a subsidiary of the Company, with Mr. Tharakorn Junkerd serving as an authorized signatory of TRS, as an executive of the Company, and as an authorized signatory of GLOCON.

3. General Characteristics and Size of the Transaction

3.1 General Characteristics

After the conditions precedent are satisfied or waived in whole or in part, TRS, a subsidiary of the Company, will sell MDL to GLOCON for a total consideration of approximately THB 150.00 million.

3.2 Size of the Transaction

The calculation of the size of the disposal transaction is as follows:

3.2.1 Disposal Transaction

Criteria Used for Calculation	Calculation Formula	Transaction Size (%)
1. Net Tangible Assets (NTA) Criteria	Not applicable as the acquired asset is not securities	
2. Net Operating Profit Criteria	Not applicable as the acquired asset is not securities	
3. Total Value of Consideration Criteria	$\frac{\text{Value of the transaction received} \times 100}{\text{Total assets of the company}}$	7.44
4. Value of Securities Issued for Asset Payment Criteria	Not applicable as there is no issuance of securities for the payment of consideration	

Based on the above calculation criteria, the above disposal transaction is considered a disposal of assets of a subsidiary of a listed company according to the Acquisition and Disposal Notifications, when calculating the transaction size, the transaction size is equal to 7.44% based on the total value of consideration criterion, calculated from the Company’s audited consolidated financial statements for the accounting period ending December 31, 2024. The Company has not disposed of other assets in the past 6 months prior to entering into this transaction. Therefore, since the transaction size does not exceed 15.00% and no securities are issued for consideration, the Company is not required to comply with the Notification of Acquisition or Disposal of Assets.

3.2.2 Connected Transaction

Criteria Used for Calculation	Calculation Formula	Transaction Size (%)
Net Tangible Assets (NTA) Criteria	$\frac{\text{Value of considerations} \times 100}{\text{The Company's NTA}}$	29.27

The above disposal transaction is also considered a connected transaction, “type of transaction related to assets or services”, according to the Connected Transaction Notifications, as it is a transaction between the subsidiary of the Company and GLOCON, in which the Company’s executives are authorized signatories of GLOCON, with the connected party transaction size being

29.27% of the Company's net tangible assets, calculated from the Company's audited consolidated financial statements for the accounting period ending December 31, 2024 (where the Company and TRS have not entered into any other connected party transactions with GLOCON in the past 6 months prior to the date on which the Board of Directors resolved to approve the transaction). Therefore, the connected party transaction size is greater than 3.00% of the Company's net tangible assets, based on the Company's audited consolidated financial statements for the accounting period, ending on 31 December 2024, the Company is therefore required to comply with the Connected Transaction Notifications as follows:

1. Disclose information to the Stock Exchange of Thailand
2. Arrange a shareholders' meeting of the Company to seek approval for the TRS divestment transaction, whereby the Company must obtain approval from the shareholders' meeting of the Company with a vote of not less than three-quarters of the total number of votes of shareholders attending the meeting and having the right to vote, excluding votes of interested shareholders, and

6. Criteria Used to Determine the Total Value of Consideration

Therefore, the Company must seek approval for the transaction from the Company's shareholders' meeting, which must receive no less than three-quarters of the total votes of shareholders attending the meeting and having the right to vote, excluding shareholders with an interest. Therefore, GLOCON's shareholders who hold shares in the Company are interested persons who have no right to vote in the shareholders' meeting to approve the agenda items related to the skincare product business transfer transaction this time.
